

Green Logistics

Logística Integral

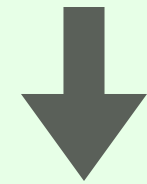

¿Who Are We?

We are a team of professionals with over 25 years of experience in international maritime, air, and land logistics

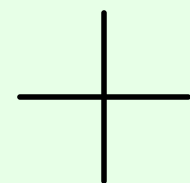

We have led national and multinational logistics companies, which have allowed us to acquire extensive knowledge and experience in the global market, as well as to establish a network with leading companies.

Adding Value to Clients' Logistics Framework

Our vision is to provide excellent air and maritime transportation services with a strong focus on cost optimization and cargo traceability. We aim to be a comprehensive solution in our clients' logistics chain

Furthermore, we offer consultations on sustainable logistics services and renewable logistics products

Tel.: (+56) 2 2242 9616 – Santiago, Chile

Our Air Services

Coordination with dispatch plants and ground transportation services with our own trucks

- Departures with the leading airlines in the market with options to all destinations
- Express delivery of the document set (AWB)

Coordination with AGA for obtaining the DUS and entry into the primary zone at Aerosan or Taysa

Cargo Tracking

- We utilize advanced technology for real-time monitoring of temperature, humidity, geolocation, and temperature variation alerts
- We adapt to the type of cargo and the needs of our clients

Our Maritime Services

Import/Export Service with the leading shipping companies in the market

- Comprehensive service for dry, refrigerated, and consolidated cargo
- House BL Green Logistics
- Consolidation and Deconsolidation
- Storage and Distribution
- Documentation and Customs
- Dangerous Goods (IMO)
- Overdimensioned Cargo with Specialized Equipment
- Cargo Traceability through KipinCargo

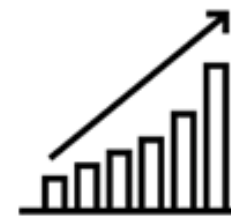

KipinTrack is a functional tool to provide information/status of the cargo to the customer

Operaciones

Facturas de venta

Estado de Cuenta

This system allows for real-time cargo tracking, staying continuously connected with our customers, and it is continuously updated based on the logistical milestones of each operation, notifying every essential stage of the cargo journey.
